Presented by:

Jackie Reynolds
Occupational Therapist

Overview

Dementia Training Australia is partnering with the Western Australian Occupational Therapy Association to present this very popular workshop.

Workshop objectives:

- Understand the underpinning theory of the HDS-R
- Demonstrate ability to assess people with dementia using the HDS-R
- Combine the results of HDS-R assessments with a Possibility Oriented Approach to provide person-centred interventions

Who should attend?

This workshop is specifically designed for Occupational Therapists working in acute, residential or community settings, particularly those responsible for assessing cognition and creating care plans for people living with dementia.
